

In 2023,
follow the light to encounter a beautiful experience of light,
water and shadow with the Queen's Head in Yehliu!

In line with last year's theme "The Rocky Kingdom of Yehliu"; this year's Yehliu Night Tours will use dazzling 3D projection mapping, the fountain show combined with water screen projection, water shows, projected animations and interactive installations to transform the landscape of the geopark, presenting a refreshing aesthetics of light art. The illuminated environments created with the play of light and shadow await you! Come experience the sweet, dreamy and joyful vibes, with a touch of splendour and mystery. Let's enjoy the magical night views in Yehliu where the ocean meets the sky!

1 Meet the Exquisite Queen ▶ Entrance Section

With the three distinct illuminated passages leading to the "Kingdom of Yehliu", visitors will be greeted by the tunnel decorated with pearl-candy-like light balls that evokes feelings of blissful happiness; in addition, the interactive flower lamps and shimmering starlike lights will immerse visitors in this sparkling, iridescent realm.

2 Let's Get Jolly and Stay Elegant! ▶ Replica Recreation Area

Through projection-mapped animations, visitors can immerse themselves in the cheerful atmosphere in the rocky Yehliu Kingdom, thereby experiencing the allure of the unique space featuring vivid representations of the Cute Princess and the Queen's Head.

3 The Luminous Fantasy Waterworld ▶ Beach Section

Featuring a magnificent fountain show around a 14-meter-tall water screen, this stunning waterworld is designed to manifest the glory of the Yehliu Kingdom. With the interplay among rhythmic music, spectacular water show and the awe-inspiring magic of light presented on the water screen, the whimsical performance will create an unforgettable experience for visitors.

4 Ocean Waltz Under the Starry Sky ▶ The Cute Princess

The blazing laser mapping dancing with the waltz music makes the mushroom rocks look more glamorous, showcasing the art of light and shadow in the most splendid way.

5 Interactive Projection Mapping on Rock Walls

▶ The Cute Princess

By uploading photos from your smartphone, you get to enjoy the process of finding the images projected on rock walls with your relatives, kids and friends. Such interaction not only brings some extra fun to the Yehliu Night Tours but also shows the diversity of the event.

6 Into the Starry Wonderland ▶ The Queen's Head

Let the music rock your soul. With an exquisite combination of colored lighting, sound-reactive lights and laser technology, this section will present a breathtaking audio-visual feast, making the audience feel as though they are entering an infinite starry wonderland through the patterns of light and shadow.

7 Welcome to the Queen's Garden Banquet ▶ Lawn Section

Upon the arrival of the Princess at the Queen's garden, they gaze into each other's eyes, aiming to carry out the vision of the rocky Yehliu Kingdom to spread love and hope.

8 Ocean of Dreams ▶ Linying Lake

The mist special effects that create a quasi-ocean vibe, coupled with the arch bridge and rock walls at Linying Lake, will deliver an immersive experience. In Ocean of Dreams, visitors will encounter ravishing, enchanted underwater scenery that continue bringing surprises and hope.
